Dear Dr. Leonard,

Thank you very much for the efforts of you and your group in our Metrodome facilities this past season. Robert Whitney and the rest of the staff were great to work with, and the Twins are very appreciative of all the good work they did.

It is hard to draw the direct correlation, but following our meeting in May, Jymrsa came to the Dome in early June and our team's record was unbelievable during the second half.

Throughout the testing, I was pleased with the results and happy to hear from you that our facilities have been well-maintained. The level of detail in your reports was great, and as news spreads about MRSA, it is reassuring to know that our players are being well cared for.

Again, thank you for all your help, and we will look forward to working with you in the coming seasons.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Smith".
